This .08% is to be dedicated solely toward the building mortgage and operation. Beginning March 1, 2000, this percentage will be increased to .09%.

Loss of "good standing" shall be immediate cause for forfeiture on the part of the involved member of any and all above mentioned positions, offices, candidacies, and entitlements. Such forfeiture shall occur only as a result of Executive Board action.
5. Loss of membership under Article 4, Section 2 of the By-Laws, or under the provisions of Article 5 of the By-Laws, shall automatically terminate the right to all positions, offices, candidacies, and entitlements referred to in Article 4, Section 4 of the By-Laws.
6. Loss or termination of membership shall automatically and immediately discontinue the right to any and all benefits and privileges of membership.

A member may be suspended or expelled for supplying false information or deliberately suppressing true information for the purpose of becoming a member.
 - a. No member shall be suspended or expelled until he/she has been given an impartial hearing and the charges that have been preferred against the member have been upheld.
 - b. A suspended member may not run for office for a period of two (2) years from date of reinstatement.

- c. An expelled member may not reapply for membership.
 - d. Officers removed from office for cause shall not be eligible to run for office for three (3) years following removal.
2. The following procedure shall be applied in conducting hearings:
- a. Charges against a member must be submitted to the Executive Board in writing, the original to the Secretary and a copy to the President. Should the charges be preferred against either of these officers, then the original or the copy (whichever is applicable) shall be sent to the Vice-President for the Secondary Group, senior high level. Members preferring charges will be required to appear at the hearing and to confront the accused member.

[In the remainder of this Article, President shall mean President or his/her replacement and Secretary shall mean Secretary or his/her replacement.]
 - b. The President and Secretary shall set a date for the hearing, not earlier than two (2) weeks nor later than four (4) weeks from the date of notification to the accused member. The Secretary, as provided for in Section 2a of this Article, shall notify the member in writing of the charges and shall advise him/her of the date of the hearing. The accused member shall also be advised that he/she shall have the right to counsel. A copy of the charges as preferred and of the notification to the accused member shall be furnished to each member of the Executive Board.

A member against whom charges have been upheld may be suspended or expelled by the Executive Board.

This procedure is completely optional. Potential candidates need not so inform the Nomination and Election

Committee, and that Committee shall in no way be bound or obligated if so informed by a member.

7. The Nomination and Election Committee shall meet no sooner than two (2) weeks after the February general membership meeting, but must complete its work no later than two (2) weeks prior to the April general membership meeting.

All candidates nominated by the Nomination and Election Committee must be informed by the Committee personally, or by phone, or, if necessary, by mail, at least two (2) weeks prior to the April general membership meeting, and their acceptance or rejection of said nomination determined. Should a member or slate who requests nomination by the Nomination and Election Committee be rejected or disqualified, that member or slate shall be so informed no later than two (2) weeks prior to the April general membership meeting.
10. A member in "good standing" or a slate who either is not selected as a candidate for the Executive Board by the Nomination and Election Committee, or who desires to be a candidate for an Executive Board position other than that for which the Nomination and Election Committee has chosen him/her (no member may be a candidate for, or hold, more than one (1) Executive Board position), shall submit a nominating petition signed by not less than twenty (20) members in "good standing"; provided that petition-candidates to represent the specific groups indicated in Article 4, Section 3 of the Constitution, as apportioned in Article 5, Section 1 of the Constitution, shall have no less than the minimum required petitioners from such specific group only; and further provided that petition-candidates for three vice-presidencies as specified in Article 5, Section 2 of the Constitution shall have no less than the minimum required petitioners from that particular school level only that they wish to represent and for which, under the Constitution and By-Laws of this organization, they are qualified to serve as vice-president. A slate shall submit a nominating petition signed by not less than fifty (50) members in "good standing" representing at least five (5) work sites.
11. Any member in "good standing" or a slate who desires to be a candidate for a delegate post, other than those candidates selected by the Nomination and Election Committee, shall submit to the Nomination and Election Committee a nominating petition signed by not less than any ten (10) members in "good standing." 13. No person may be a candidate for more than one (1) position on the Executive Board in any election, nor hold more than one (1) Executive Board position. Since delegate positions are separate from officer or other Executive Board positions, a member may be a candidate in the same election for the Executive Board and for a delegate post to the convention of one or more of the organizations with which this Union is affiliated.
14. An officer or Executive Board member may be a candidate for any other office or Executive Board position. He/she will be required to resign his/her former position should he/she be elected to a new position. A copy of such notification shall be transmitted to the Secretary. Appeals from such declarations of ineligibility may be directed to the Executive Board.
20. Slate designation and slate voting shall be permitted. Approval by the candidate and by the head of the slate shall be required in writing for inclusion on any slate. The Nomination and Election Committee shall determine ballot and slate position by lot and shall proceed with the conducting of the election by secret mail-ballot, such election to be conducted during the months of April/May.

27. The Nomination and Election Committee shall establish the procedure for voting and tabulating ballots, ground rules for the entire election proceedings, criteria for declaring ballots invalid, etc. No procedure shall be established which is not consonant with the provisions of the Constitution and the By-Laws of this organization, or with the Constitution of the American Federation of Teachers, or with state or federal laws governing such elections.
28. The candidate receiving a plurality of the valid ballots cast for the office he/she seeks shall be declared elected. In case of a tie the decision shall be made by lot, such lot to be administered by the chairperson of the Nomination and Election Committee.
29. All members shall be notified by appropriate publication and as quickly as possible of the results of the election.
30. Exceptions to the elections dates and deadlines that are established in the Constitution and the By-Laws of this organization may be permitted in emergency situations, subject to the approval of the Executive Board.

Article 8

Contract Ratification and Strike Authorization Procedures

1. Major changes or additions to any proposed new contract that individually carry a recommendation of acceptance from the PFT Executive Board and the PFT Negotiating Committee shall be submitted in writing to the general membership of the Federation at least twenty-four (24) hours prior to any PFT general membership meeting scheduled for action on possible ratification of an overall contract, or included in any PFT mail ballot of its membership conducted for the same purpose, in order to provide sufficient time for the general membership to examine said provision(s). Submission to the general membership of any such specific contract provision(s), except in the case of a mail ballot, does not necessarily indicate any PFT Executive Board or PFT Negotiating Committee recommendation to the general membership of approval or acceptance of an overall contract, but applies only to the involved specific changes or additions.

Major provisions of any proposed overall contract, when said contract carries a recommendation of acceptance from the PFT Executive Board and the PFT Negotiating Committee, shall be submitted in writing to the general membership at least twenty-four (24) hours prior to any PFT membership meeting scheduled for action on possible contract ratification, or included in any PFT mail ballot conducted for the same purpose, again in order to provide sufficient time for the membership to examine said provisions. Where a specific such major provision(s), other than economic terms, may, of necessity, not have been submitted to the membership at least twenty-four (24) hours prior to the time of the ratification meeting, such provision(s) shall be available to the membership at the Federation office at least six (6) hours prior to the time set for the start of the ratification meeting. In such a circumstance, the membership shall determine by majority vote, if it so elects, whether a mail

ballot shall be required to be conducted for the purpose of ratification of the proposed contract.

Exceptions to this Section may be made for salary schedules, hourly wage scales, and fringe benefits, provided such items are able to be prepared and reproduced in such a way as to be understood easily. In all instances, such economic items shall still continue to be submitted in writing to the membership, whether at a contract ratification meeting or as part of any mail ballot conducted for the same purpose.

For all purposes as provided anywhere under this Section, the time period for any mail ballot of the membership to vote on final contract acceptance or rejection, should such a mail ballot be authorized by the membership to be conducted following the holding of a contract ratification meeting, shall require the suspension of either the initiation or the continuation of any actual strike action previously authorized or entered into by the membership. In the conducting of such a mail ballot, the maximum-permitted time period between the ratification meeting and the tabulating of ballots shall not exceed ten (10) days. In the event of a contract rejection in such mail ballot vote, the Executive Board shall meet within twenty-four (24) hours after the counting of the ballots to set a date for the initiation or the resumption of a strike.

The twenty-four (24) hour provisions of this Section, but not the six (6) hour provisions, may be waived upon recommendation of the Executive Board, if necessary, in situations wherein the Federation is already on strike at the time of any possible contract ratification, except that economic provisions, and as many other contract terms as possible that were not already presented to the membership prior to or during the strike, shall continue to be required to be submitted in writing to the membership at the time of any contract ratification meeting or as part of any subsequent mail ballot conducted for the same purpose.

2. Membership votes authorizing and concluding strikes shall be conducted by secret mail ballot or by secret ballot at a membership meeting, except as noted in Section 6 of this Article.
3. Votes authorizing acceptance or rejection of any proposed contract shall be conducted by secret ballot at a membership meeting, unless conducted by secret mail ballot of all members, except as noted in Section 6 of this Article.
4. All voting referred to in Sections 2 and 3 of this Article shall be by secret ballot consistent with the provisions of Article 4, Section 7 of the PFT Constitution, except as noted in Section 6 of this Article.
5. Supervision of voting and counting of ballots shall be handled by a committee appointed for this purpose by the PFT President, with the provision that at least half the members of such a committee shall not be members of the PFT Executive Board.

6. Where the recommendation of the Executive Board and the Negotiating Committee is for acceptance of a contract or termination of a strike, the above secret-ballot voting procedures may be waived by voice approval of the membership.

Article 9

The monies thus allocated shall be available for expenditure throughout the year and subject to annual member notification of this allocation as outlined in Section 2 of this Article.

Annual notification concerning the PFT Political Action Fund and the right to request a refund shall be included in the annual December mailing of new PFT membership cards for each upcoming calendar year.
3. Monies thus received into the PFT Political Action Fund shall be maintained separately in said Fund and shall be administered by the PFT Political Action Committee. In no event shall such monies be co-mingled with the PFT's general funds.

General failure by any delegate to assume convention responsibilities shall result in forfeiture of the entire convention reimbursement by the delegate.
4. A brief Pittsburgh caucus will be held daily at a time and place set by the ranking delegate. The purpose of the daily caucus meeting may be to summarize various committee activities and to determine caucus positions on important motions and resolutions coming to the convention floor.

6. Convention resolution committees will be appointed at the February membership meeting.

 - b. The reimbursement for lodging for non-Pittsburgh conventions shall cover room costs for the length of the convention (double occupancy at the convention rates).
 - c. The reimbursement for food shall be at a per diem rate established in the annual PFT budget. Pittsburgh delegation breakfast meetings at the AFT convention and attendance at AFT-sponsored convention breakfasts and luncheons will be reflected in the per diem rate.
 - d. The cost of AFT PA State Convention meal tickets for meals at which the Executive Board requires Pittsburgh delegate attendance will be reflected in the per diem rate referred to in Section 9c.

- e. Dues for national political caucus membership shall be paid directly to the caucus for those delegates who choose to join any such caucus, with a payment limit of one caucus per delegate.
- f. Reimbursement checks will be distributed on the evening before the last day of the AFT National Convention and on the last day of the AFT PA State Convention.
- g. Parking reimbursement for Pittsburgh conventions shall be determined prior to the Convention by the Executive Board as a part of the annual PFT budget.
