Here*

To:

As a retired PA public school employee, I am writing to let you know it has been **22 YEARS** since PSERS annuitants have had a cost-of-living adjustment (COLA).

**Inflation has taken a huge bite out of the checks of PSERS pensioners** over that time. Now it's time for the PA State Assembly to prioritize the citizens who served Pennsylvania so well!

Vote YES on legislation giving PSERS annuitants a COLA—now and in the future!

**Retirees are your most reliable block of voters.**  
Can I rely on you?
